

.....

You are giving children in Honduras

WATER!

I have made a donation in your name, to enable the construction of a well in the primary school in the village of La Montañita.

FOR

€.....

a part of the necessary costs for materials, tools or the costs for the transport to the remote village can be paid for.

The children in

HONDURAS

thank you for finally giving them access to clean water and sanitary facilities. The project is implemented by the non-profit organisation The Opportunity Project.
